

## DIRECTORY SUBMISSION TEMPLATE

### Website Title:

Descriptive title using your site's primary keywords

### Website URL:

Your website URL

### Website Description:

200 to 300 word website description using your site's primary keywords  
(You can use your website home page's meta tag description.)

### Keywords:

List primary site keywords first, then add additional tier two keywords as the submission site's word count allows

### Site Contact Information:

Your name

Address

Phone number

Website email address

### Login and Password:

Occasionally you will need to open up an account prior to submitting your site so it is helpful to use the same login information for every resource associated with your website.

### Additional URL's for Deep Linking:

For directories that allow "deep linking", which is an opportunity to add url's for your site's tier two or tier three pages. List the URL's that will achieve the *Most Wanted Response* for your site's goals. Examples: ezine sign-ups, product page, sales page, ecourse registrations, membership site enrollments, etc.

Save Time: With this **FREE** directory submission software. . .
